REQUEST FOR PROPOSAL INSTRUCTIONS

INTRODUCTION

1. GENERAL:

   1.1. This Request for Proposal (RFP) is designed to help you produce a proposal that is acceptable to CURE, in accordance with the requirements of contracting and procurement. It is essential, therefore, that you provide the information requested in the specific format.

   1.2. The instructions should be read in conjunction with information specific to the project contained in the covering letter and in the accompanying documents.

   1.3. CURE is not bound to accept the lowest bidder, or any, proposal. We also reserve the right to request any, or all, of the bidders to meet with us and/or email us to clarify their proposal.

   1.4. Each bidder having responded to this RFP acknowledges to have read, understood and accepts the selection and evaluation process mentioned in this RFP document. The bidder ceases to have any option to object against any of these processes at any stage subsequent to submission of its responses to this RFP.

INSTRUCTIONS FOR SUBMITTING YOUR PROPOSAL

2. FORMAT OF YOUR PROPOSAL:

   2.1 Your proposal should be submitted in English and be set out in three main parts:

   - Part A – Pre-Qualification
   - Part B – Technical Proposal
   - Part C – Commercial Proposal

   Part A (Pre-Qualification), Part B (Technical Proposal) and Part C (Commercial Proposal) must be documented and saved separately and submitted in a single email to enable evaluation of Pre-Qualification, Technical and Commercial independently. Part C (Commercial Proposal) must be protected with separate passwords. Please do not include any price information/password to access the Commercial Proposal in Part A (Pre-Qualification) and/or Part B (Technical Proposal) and/or in any communication (until and unless requested by CURE).

3. PART A – PRE-QUALIFICATION CRITERIA:

   3.1 The purpose of information requested under Pre-Qualification Criteria is to establish that the bidder conclusively demonstrate to completely meet all the eligibility criteria and also to establish the propriety of the bidder.
4. PART B – TECHNICAL PROPOSAL:

i. Section 1  Bidder’s understanding of CURE and its PaniAurSwatchhta Mein Sajhedari (PASS) project, understanding of scope and results framework proposed, detailed tasks list and deliverables including time line;

ii. Section 2  Technical Response (including method of implementation/methodology and work plan in the form showing activities, milestones, deliverables etc.)

iii. Section 3  Names & CVs of personnel to work on this project (in the CV please cover name of staff, nationality of staff, profession/designation of staff, proposed position in the team, whether employee of the firm, key qualifications, education, experience with reference to statement of work) [Format attached in ANNEXURE 9].

iv. Section 4  Personnel Inputs against each activities/tasks of the SOW in tabular format – include person days.

v. Section 5  Previous experience of the firm/company in similar types of assignments completed at the National/State level in Urban or public policy during last 3 years (please indicate name of assignment, name/address of employer, date of award of assignment, date of completion of assignment, value of the assignment and role of your firm viz. prime consultant, sub-consultant, consortium member etc.)

vi. Section 6  Matters not appropriate in any other appendix, e.g. Disclosures, Conflict of Interest etc.

5. PART C – COMMERCIAL PROPOSAL:

5.1. The Proforma 2: Commercial Proposal provided should be fully completed in the format requested and should be easily cross referenced to the above details.

5.2. All quoted prices should remain valid for a period of at least one month from the date of the submission of the bid and should be only in Indian Rupees (INR).

5.3. Prices payable to the Supplier as stated in the subsequent Contract shall be firm and not subject to adjustment during performance of the subsequent Contract, irrespective of reasons whatsoever, including exchange rate fluctuations, changes in taxes, duties, levies, charges, etc.

5.4. Your Commercial Proposal should be structured in 4 Sections.

i. Section 1  Confirmation of acceptance of CURE’s Conditions of Contract.

ii. Section 2  Pricing, using Commercial Pro-Forma on a Fees and actual Expenses basis (if any).

iii. Section 3  A list of the names and designation of all nominated personnel proposed to work on this project
iv. Section 4   Matters not appropriate in any other appendix, e.g. your GST number (for Indian companies only)

6. EVALUATION:

6.1. **Part A – Pre-Qualification Criteria:** This covers circumstances where CURE must exclude a Respondent from participating further in the procurement. The Procurement Expert/project team head therefore applies a pass/fail assessment of the pre-qualification response on the specific question. No further evaluation is carried out for the bidder who’s Pre-Qualification Criteria does not meet the prerequisite criteria.

6.1.1 The documents mentioned in the below compliance sheet needs to be a part of the Pre-Qualification checklist. (Enclosed as PROFORMA 1: Pre-Qualification Criteria)

6.2. **Part B – Technical Evaluation:** The technical evaluation places emphasis on the degree of confidence the evaluation team have in the proposal content and the bidder’s capability to deliver the outputs effectively. Commercial proposal of only those firms receiving minimum of 40 marks in Technical Evaluation will be opened.

6.2.1 The technical evaluation places emphasis on the degree of confidence the Evaluation Team have in the Proposal content and the Bidder’s capability to deliver the outputs effectively. A higher degree of confidence is gained where:

- A deep understanding of assignment is clearly demonstrated. Merely providing general statements of information and a can-do attitude will not generate high scores.

- A convincing methodology is provided to achieve results. The methodology should include clear links between performance outputs and financial mechanisms (such as milestones for payment linked to clear deliverables).

- A detailed Work Plan is provided that breaks down activities and outputs, which are clearly cross referenced (where appropriate) to payment mechanisms and governance/quality assurance mechanisms to ensure effective delivery on time and within budget.

- A well balanced team is proposed that provides the right mix and level of skills, with assured availability at the right time and with the right number of days.

6.2.2 **SCORING METHODOLOGY:**

The Evaluation Team will apply the following scoring methodology:

<table>
<thead>
<tr>
<th>Score</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>6</td>
<td>Excellent, addresses the requirements of the Statement of Work and all RFP issues, and where relevant demonstrates fine tuning, to make a match with Client expectations, and is of a quality and level of detail and understanding that provides confidence in certainty of delivery and permits full contractual reliance (where applicable)</td>
</tr>
<tr>
<td>5</td>
<td>High degree of confidence that they can meet the requirements of the Statement of Work (and where relevant strong evidence they have tailored their response to meet these). Demonstrates they have a thorough understanding of what is being asked for and that they can do what they say they will; translates well into contractual terms (where applicable)</td>
</tr>
<tr>
<td>4</td>
<td>An understanding of all issues relating to delivery of the Statement of Work and tailoring the response to demonstrate that proposals are feasible so that there is a good level of confidence that they will deliver; can be transposed into contractual terms (where applicable)</td>
</tr>
</tbody>
</table>
Understands most of the issues relating to delivery of the Statement of Work and addresses them appropriately with sufficient information, but only some relevant tailoring and so only some confidence that they will be able deliver in line with expectations  

Some misunderstandings of the issues relating to delivery of the Statement of Work and a generally low level of quality information and detail. Poor appetite to tailor when asked and so fails to meet expectations in many ways and provides insufficient confidence.  

Statement of Work issues are scantily understood and flimsy on quality information, with minimal tailoring if anywhere relevant. Provides no confidence that the issues will be addressed and managed at all in line with expectations  

Complete failure to address the requirements of the Statement of Work.

The above scoring methodology will be applied to each of the Criteria detailed in the table below. The Total Score for each Criteria will comprise of the score awarded (0 to 6) multiplied by the weightage allocated to each Criteria.

6.2.3 Evaluation Criteria

The Evaluation Criteria based on which evaluation of technical proposals of the bidders shall be carried out are detailed in the table below:

18.3 If a Bidder or related company or any individual discloses details of any previous misconduct or complaint, CURE will seek an explanation and background details from them. At the sole discretion of CURE an assessment as to whether the Bidder will be allowed to submit a proposal, will then be made.

18.4 Bidders are required to sign and return a self-declaration for the disclosures as mentioned in Point 19 as ANNEXURE 7.

19. **CURE’S TREATMENT OF YOUR PROPOSAL:**

19.1. CURE is committed to ensuring Value for Money in complex procurements. Therefore, when you submit a proposal, we will:

---

2Value for money is defined as the optimum combination of whole-life cost and quality to meet requirements.
a) Ensure proposals are registered upon receipt and held securely until after the deadline for receipt of proposals;
b) Witness the opening of all proposals after the time and deadline for receipt of proposals and separately register the commercial details of each proposal;
c) Return, unopened, any proposals received after the deadline of receipt of proposals;
d) Disqualify any non-compliant proposals (i.e. proposals failing to meet the terms of these instructions) received. The commercial details of such proposals will be recorded and marked as disqualified;
e) Ensure that all proposals are evaluated objectively, in line with the evaluation criteria specified;

20. DISCLAIMERS & ARBITRATION:

20.1. Whilst the information and supporting documents provided in this RFP Pack have been prepared in good faith, it does not purport to be comprehensive. Neither CURE, nor their advisors, respective Trustees, directors, officers, members, partners, employees, other staff or agents:

a) makes any representation or warranty (express or implied) as to the accuracy, reasonableness or completeness of the RFP; or
b) accepts any responsibility for the information contained in the RFP or for the fairness, accuracy or completeness of that information, nor shall any of them be liable for any loss or damage (other than in respect of deceit or fraudulent misrepresentation) arising as a result of reliance on such information or any subsequent communication.

c) Any persons considering making a decision to enter into contractual relationships with CURE following receipt of the RFP should make their own independent assessment of CURE and its requirements, and should seek their own professional financial and legal advice. For the avoidance of doubt the provision of clarification or further information in relation to the RFP or any other associated documents is only authorised to be provided by the Procurement Expert/Programme Technical Head named in the RFP covering letter.

20.2 This RFP and any dispute arising from it shall be governed by the laws of India.

21. RIGHT TO CANCEL, CLARIFY OR VARY THE PROCESS:

21.1. CURE shall not be committed to any course of action as a result of:

a) issuing this RFP or any invitation to participate in this procurement exercise;
b) communicating with a Bidder or a Bidder’s representatives in respect of this procurement exercise; or

c) any other communication between CURE (whether directly or by its agents or representatives) and any other party.

21.2 By taking part in this competitive exercise, Bidders accept that CURE shall not be bound to accept any Proposal and reserves the right not to conclude a Contract for some or all of the services for which Proposals are invited.
21.3 CURE reserves the right to amend, add to or withdraw all or any part of this RFP at any time during the procurement exercise.

22. COSTS OF THE RFP:

22.1. Bidders will remain responsible for all costs and expenses incurred by them, their staff, and their advisors or by any third party acting under their instructions in connection with this RFP. This will be regardless of whether such costs arise as a result of any direct or indirect amendments made to this RFP by CURE at any time. For the avoidance of doubt, CURE shall have no liability whatsoever to Respondents for the costs of any amendments, changes, discussions or communications.

23. DATA PRIVACY:

23.1. In connection with the performance of its obligations under this RFP, the Bidder undertakes to comply with the requirements of (and to take all necessary steps to ensure that by its acts or omissions it does not cause CURE or USAID) applicable data privacy laws. No personal data shall be shared by the Bidder with CURE unless such sharing is required on a need to know basis in connection with RFP. In such a case, CURE will hold and process personal data provided by the Bidder in connection with this RFP and may disclose and transfer such data to any other CURE’s entities, USAID and such other third party, on a need to know basis, as CURE may reasonably deem necessary or appropriate. The Bidder warrants that it has the authority to grant such right.

23.2. For the purpose of this RFP "Personal Data" shall mean any data/information that relates to a natural person which, directly or indirectly, in combination with other information available or likely to be available, is capable of identifying such natural person.

**END OF REQUEST FOR PROPOSAL INSTRUCTIONS**
1. Background

Centre for Urban and Regional Excellence (CURE) is a not-for-profit development organization working with urban informal and low-income communities to un-think, re-imagine, innovate and de-engineer solutions to include and integrate people in the processes of city development. As part of its mandate, it is currently executing a program called PaniaurSwachhtameinSajhedari (PASS) that aims to promote safe sanitation and water for health outcomes in slum communities by reducing household poverty, upgrading slums, improving services equity, waste management, and creating awareness, with a special focus on women and children. As part of the initiatives, CURE proposes to bring in a resource partner for supporting Amplification and Expansion of CURE in the urban WASH sector.

2. Objective of the Assignment

The objective of this assignment is to hire technical consultants (companies/organizations/partnership firms) to prepare Water Balance Plans including the desired deliverables for each 4 Cities i.e. Allahabad, Nasik, Jaipur, Shahjahanpur separately under the PASS project.

3. Water Balance Plan

The City Water Balance Plan (CWBP) shall aim to enable the city authorities to take a holistic view of its water systems and inform the decision-makers and city managers of how to prepare a strategy for sustainable water management taking all aspects of the water cycle into account and which ultimately result in a robust framework that is amenable to design and develop actionable work plans for all the responsible city agencies respectively to develop water reliance for all its citizens.

Additionally, the intent is, through the CWBP, create a model that can be applied to other Indian city to assess its water situation and develop a framework for generating a greater resilience plan. Ideally, the CWRS should follow a multi-step process that moves from stakeholder engagement and city assessment, to creating implementable action plans with the goal of helping the city achieve safer and more secure water resources, and protections in place from water-related shocks and stresses.
The key objective of CWBP would be:

- Understand the shocks and stresses that impact the city water systems at present and in the foreseeable future;
- Assess the resilience of the city to identify gaps and weakness and how to address and overcome the current and future water stresses;
- Assess the governance measures and structure for urban water resilience; and
- Potential interventions and monitoring tools and methods to tackle the city’s water related issues

4. Scope of Work:

The consultant would be required to Develop City Water Balance Plans for each 4 Cities i.e Allahabad, Nasik, Jaipur, Shahjahanpur individually in consultation with the CURE Team. This would include:
